

# ORLANDO SINGLES GOLF

Orlando Chapter - American Singles Golf Association — June 2006

## Wekiva Outing - June 10th!

### From the President

- *Al Amore*

Hi everyone, we had a good month of golf and the weather was beautiful all month! We have a lot of golf coming up this month with a couple of good trips.

We all had a great time in Melbourne. The music was great, the food was good, and the golf was excellent. The weather was very nice, but a little windy. Fortunately it was not as windy as last year in Palm Coast. All the feedback was excellent, except for the fancy fonts on the nametags.

**The 9 and Dine now begins at 5:30PM.**

If you have not signed up for the GHIN system to establish a handicap, please do so. To do this you can contact **Sue Walther** at [suzygolf@earthlink.net](mailto:suzygolf@earthlink.net) or call at 407-671-3799, or see one of the board members at our outings. Handicaps are very important in determining a fair winner at our outings.

If you are not receiving emails about all our events, please send an email to [AS-GAORLANDO@AOL.COM](mailto:AS-GAORLANDO@AOL.COM) and tell me you want to be on the email list. I'll see you on the course.

**Have a great 24,  
Al**

### From the Golf Chair

- *Joe Bellino*

**Winners from Melbourne were:**

#### Friday

1st - Tony Ruberti 67  
2nd - Mike Doddy 68  
3rd - Lon Compton 69

#### Closest to the Pin

Carolyn Aldorfer Mike Doddy

**CHECK OUT OUR NEW WEBSITE  
AT [WWW.ASGAORLANDO.COM](http://WWW.ASGAORLANDO.COM)**

## WHO SAID GOLF IS COMPLICATED?

Once a player has mastered the grip and stance, all he has to bear in mind, in the brief two-second interval it takes to swing, is to keep his left elbow pointed in toward the left hip and his right arm loose and closer to the body than the left and take the club head past his right knee and then break the wrists at just the right instant while the left arm is still traveling straight back from the ball and the right arm stays glued to the body and the hips come around in a perfect circle and meanwhile everything is mucked up unless the weight is 60 percent on the left foot and 40 percent on the right - not an ounce more or less - and at just the right point in the turn the left knee bends in toward the right in a dragging motion until the left heel comes off the ground but not too far and be sure the hands are over the right foot but not on the toe more than the heel except that the left side of the right foot is tilted off the ground - but not too far - and be sure the hands at the top of the swing are high and the shaft points along a line parallel with the ground and if its a downhill lie the shaft is supposed to be pointed downhill too and pause at the top of the swing and count one, jerk the left arm straight down like a bell ringer yanking a belfry rope and don't uncock the wrists too soon and pull the left hip around in a circle but don't let the shoulders turn with the hips - they have to be facing the hole and now transfer the weight 60 percent to the left foot and 40 percent to the right - not an ounce more or less - and tilt the left foot now so the right side of it is straight (that's the one you hit against) watch out for the left hand, it's supposed to be extended, but not too stiff or the shot won't go anywhere and don't let it get loose or you will hook, then let the wrists uncock but don't force them or! you'll smother the shot and don't break too soon but keep your head down then hit the ball! THAT'S ALL THERE IS TO IT!! . . Unless you move your head, then you're screwed !!!!

## June 2006 - Orlando ASGA Activities At-A-Glance
