Orlando Chapter - American Singles Golf Association — May 2007

## Golf At Stoneybrook East - May 20th!

### From the President

Greetings Golfers!

Life is good! Beautiful weather and lots of opportunities to play golf on terrific courses.

Our thanks to **Al Amore** for planning and organizing the first class event that many of us attended in Naples. The Flamingo and Mustang golf courses at the Lely resort were fun and challenging and dining and dancing at the exclusive Players Club was a real treat.

Now we are looking forward to golf at Pinehurst. It is not too late to sign up for this very special event. Pinehurst offers top of the line golf courses, great accommodations and a terrific opportunity to meet people from all over the country.

On the social calendar, join us on May 4<sup>th</sup> at the Sanford Kennel Club for dinner and dog racing. Then on May 11<sup>th</sup> enjoy an exceptional culinary treat at the Olympia Greek restaurant and be entertained by the belly dancers. Contact **Steve Hall** to sign up for these events.

A CHANGE in our nine and dine now offers our golfers who live in north Orlando an opportunity to join us the last two weeks of each month for nine & dine at 5:00 at Rolling Hills golf course. The first part of the month will still be played at Win-

ter Park Pines.

Only FIVE more opportunities to attend four meetings or bring in one new member to be eligible to attend the club funded "Thank You For Participating" dinner and dancing on October 4<sup>th</sup>. The more the merrier!

See you on the links!

-Karen Reinhart

### From the Vice President

Hi everyone, the golf weather has been perfect. We have been having great crowds all month and many are joining 9 and Dine since we changed the time to 5PM.

We had a great time in Naples where 22 Orlando members and 80 members from various parts of the country joined together for a great weekend. The weather was beautiful, the courses were in great shape, the accommodations were excellent, and the food was exceptional. Everyone had a great time and most want to go back again next year.

Please remember that we are giving out two free rounds of golf to the member who brings in the most amount of new members. Please let me know if a member you brought in joins.

A new club rule we have is whenever

someone picks up at double par, they need to add one stroke to putt in, chip in, or whatever. If you pick up on a par 3 write down a 7, for a par 5, write down an 11.

Please remember that you must call both the golf course and the person running the event at least two hours before the event if you cannot make it. We will be enforcing and collecting the \$10 no show fees from all who do call.

The 9 and Dine has changed to 5:00PM due to the Daylight Savings Time change and the last two weekends of the month are at Rolling Hills Golf Club. The rest are still at Winter Pines.

If you have not signed up for the GHIN system to establish a handicap, please do so. To do this you can contact **Sue Walther** at [suzygolf@earthlink.net](mailto:suzygolf@earthlink.net) or call at 407-671-3799, or see one of the board members at our outings. Handicaps are very important in determining a fair winner at our outings.

If you are not receiving emails about all our events, please send an email to [ASGAORLANDO@AOL.COM](mailto:ASGAORLANDO@AOL.COM) and tell me you want to be on the email list. I'll see you on the course.

**Have a great 24,**

-Al Amore

**Rules and more rules...**

1. A player sets out to play 18 holes of golf but only manages to play 7 holes because it starts to rain heavily. Can he still post a score for handicap purposes?
  - a. No, you must play at least 9 holes before you can post a score.
  - b. Yes, according to USGA rules, you are required to post a score.
2. OK smarty, assuming (b) is the correct answer, how would you record your score?

a. You must score 9 holes, so you would take what you scored on the 7 holes you played divide by 7 and multiply by 9. Example: 36 divided by 7 = 5.14 (go to 2 decimal points). Then multiply this average score per hole by 9. So  $5.14 \times 9 = 46.26$ . You would record a 46 for 9. You always round to the nearest whole number.

b. Oh no, it's much more involved than answer (a).

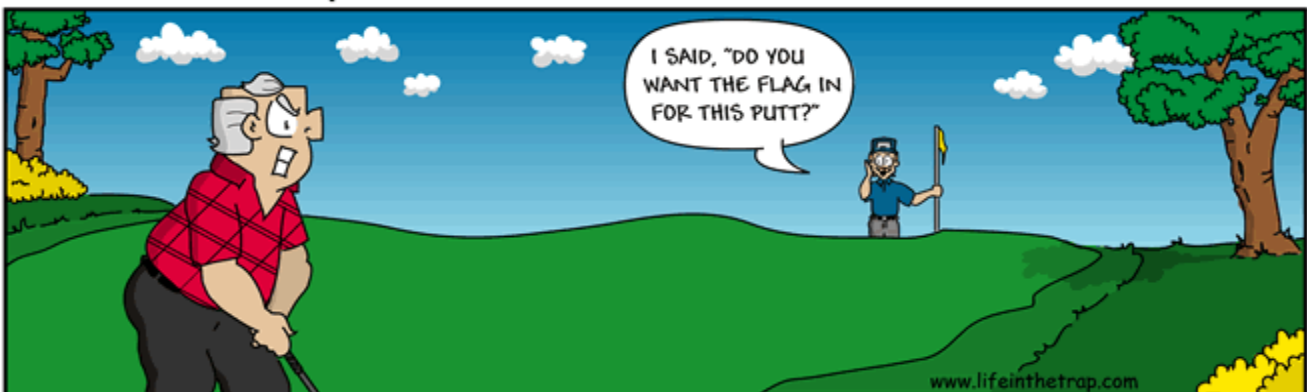

Answers:

1. The answer is b. According to the USGA the player is required to post his score for handicap purposes.
2. The answer is slightly more complicated than taking an average score for holes you play and then multiplying by 9. However if you are math challenged the real USGA ruling might be just right for you. For holes 8 and 9, the player would record a score of par plus any handicap strokes they were entitled to. For example, if the player's course handicap was a 12, the player would be entitled to take one handicap stroke on the top 12 hardest holes as ranked on the golf card. So if holes number 8 and 9 were ranked #13 and #4 holes respectively, the player would get no strokes and record a par on hole number 8 (ranked #13) and would be given a stroke and record a bogey on hole number 9 (ranked #4).

**IF YOU CANNOT MAKE IT TO THE COURSE, PLEASE CONTACT THE PERSON RUNNING THE EVENT. IF IT IS THE MORNING OF THE EVENT, CONTACT THE GOLF COURSE ALSO! IF NOT THERE WILL BE A \$10 NO SHOW CHARGE.**
