From Your President

I hope everyone is enjoying the golf in the hot June weather and staying cool. The last couple of weeks have been a little hot for June, so let’s hope that this is not a sign for the summer. We’ve got some great golf events coming up. Tracy Searles is having her Third Annual Independence Day Party on July 2nd at her house so look for the emails with the details. Also Bob and Mara are having their 3rd annual Big Break, so at the next general meeting at Birdie’s make sure you get signed up if you want to partake in the fun as this will be the last chance.

By now I am hoping that everyone has read my group email about “No Shows”. As a reminder, make sure that you call the host or the course if you cannot make it. It is common courtesy to let people know with as much advance notice as possible that you cannot make it so that they know how to plan. Additionally, this allows our hosts to inform other players so that they are not waiting or wondering. As a good rule of thumb, try and let hosts know at least 48 hours before a golf outing. As a board we will keep track of “No Shows” and last minute cancellations.

~Bob Boles, President

From the Vice President

Thanks to Randy G. for handling May’s raffle! He raised $101 and Luisa C. won the golf certificate to Shoal Creek. We didn’t sell any golf balls, but will resume at June’s general meeting. The updated total raised from our fundraising efforts this year is $839. We’re looking forward to Bob and Mara’s Big Break Leawood in July. They very graciously donate the proceeds from this very fun golf event to the chapter. The event is creative and fun. The last opportunity to sign up for this fun event is at the June general meeting. Entry fee is $25. If you have questions about the event, contact Mara K. or Bob M. Thank you, ahead of the event! This will be a day long remembered! We appreciate you!

First Friday
ASGA in Spain — September 17 - 28, 2016
We have 92 signed-up and paid / or paying. We’ve got a good
group of people on this trip and there’s STILL room for you.

Eleven nights - play Valderrama as an optional course - food,
transportation included. We’d like to get our numbers up to 110 if
possible. Plenty of room for you on this memorable trip.
SinglesGolf.com/Spain is where you need to go for more
details, but here is some general info: Dates: Leave the USA on 9/16/16,
arrive next day in Madrid. 11 nights / 12 days. Where: Madrid, Costa del Sol, Se-
ville.  Golf:  Four rounds included. Payment: Prices vary based on whether you room by yourself or with a roommate,
play Valderrama, etc. Spread your payments over four months.
But you need to really get to the website for the details. And be-
fore you ask, airline fares are not included.

Multi-Chapter Events — Denver and Beyond
Head West, golfers! Denver is the place to be this August.
Our Denver Chapter is hosting its Rocky Mountain High / Fair-
ways to Heaven Multi-Chapter Event Weekend, August 12-15. Having been
to two of these events, I can attest to the fact that the hard-working members
of this chapter put on a first class show with some great golf courses, food and
added events. Prices start at $495.
SinglesGolf.com/RockyMountainHigh is the site you need to go
to for more details and the official registration form.

Here’s the Beyond Part. We’re looking at heading to Hilton
Head for our Fall “Battle at the Beach,” post-New Year’s at Saw-
grass (where the Stadium course would be an optional round) in
Ponta Vedra Beach, FL and The Resort at Glade Springs (WVa)
for Memorial Day weekend. Kingsmill Resort reneged on their
offer to give us a proposal. Those things happen. We put these
“possibilities” out to you ahead of time to get your input on them.
Nothing firm yet so don’t purchase your airline ticket yet.

And much-talked-about . . . many members have asked about a
river cruise. Since 2000, river cruises have grown in popularity
by 11% per year each year. One issue, of course, is that river
cruise ships have a much smaller number of cabins than cruise
ships. 60-75 cabins versus 2-3000! So, if / when ASGA decides
to do a river cruise, we believe it will sell-out fast. The interest
is there; details forthcoming.
In the meantime, if you have done a river cruise and want to jot
us a note about a) things to watch for, b) things to watch out for,
c) what really impressed you and d) which river cruise company
did you use. Then please pass those thoughts along to us by
going to SinglesGolf.com/ContactUs and we’ll be happy to use
that information to make our river cruise(s) in the future even
better.

Sports Authority Bankruptcy: Golf Deals?
Looking to replace some (or all ) of your failing golf equip-
ment? Putter on vacation? Shy driver? Socks don’t match?
Sports Authority is going out of business. And it appears
Dick’s Sporting Goods will take over a number of store leases
once approved by the bankruptcy court. So keep your eye open
for deals in your area. Not all stores will be on the same timeta-
ble. For more details, go to SinglesGolf.com/SportsAuthority

Is Your Sunscreen What It Says It Is?
New Report from Consumer Reports is Alarming
One-hundred percent of the golfers we know of play golf out-
side (or at least the first 18 holes). And realize the older we get,
the more conscious we are about our health, skin care and, well,
looking good. And use of a good sunscreen is our best weapon
to ward off those dangerous rays coming from above, especially
since it’s difficult to use an umbrella while playing golf.
But did you know that more than 40% of sunscreens tested by
Consumer Reports experts don’t live up to their SPF claims,
according to the organization’s annual report on the products.
Twenty-eight of the sunscreens did not deliver the promised
SPF level, says Trisha Calvo, CR’s deputy editor of health and
food. And two products claiming an SPF of 50 actually weighed
in with an SPF of 8, according to test results.
This year’s report includes ratings of lotions, sprays, sticks,
and facial sunscreens, and reviews both adult and children’s
formulas. It also includes commonly asked questions about sun-
screens, such as what SPF (sun protection factor) and “broad
spectrum” are. It will be published in the July issue of Consumer
Reports magazine.

Seventeen Sunscreens Earned a Spot on the
Organization’s “Recommended” List.
"I think there are a lot of really good sunscreens on the mar-
et," Calvo says. The testing uses volunteers who soak in water
after the sunscreens are applied, and then have their skin ex-
posed to UV light. The Personal Care Products Council, a group
that includes sunscreen makers, questioned the process and
say that their products meet FDA requirements and their own
testing.

2016 Sunscreen Winners & Losers
Two products earned a perfect score: La Roche-Posay Anthelios
60 Melt-in Sunscreen Milk lotion, with an SPF of 60, and Trader
Joe’s Spray with an SPF of 50-plus. It’s priced at $7.20 an
ounce. The Trader Joe’s spray is $6 for 6 ounces.
The other 15 making the recommended list are:
- Pure Sun Defense SPF 50 Disney Frozen, at $7.99 per ounce
- Coppertone Water Babies SPF 50, at $1.31 an ounce
- Equate Ultra Protection SPF 50, at $4.99 an ounce
- No-Ad Sport SPF 50, at $6.33 an ounce
- Ocean Potion Protect & Nourish SPF 30, at $1 an ounce
- Aveeno Protect + Hydrate SPF 30, at $3.33 an ounce
- Banana Boat Sun Comfort Continuous Spray SPF 50+, at $1.67 an ounce
- Neutrogena Beach Defense Water + Sun Protection SPF 70, at $1.62 an ounce
- Caribbean Breeze Continuous Tropical Mist SPF 70, at $2.77 an ounce
- Equate Sport Continuous Spray SPF 30, at $.83 an ounce
- DG Body Sport SPF 30 (spray), at $.88 an ounce
- Coppertone Kids Stick SPF 55, at $9.17 an ounce
- Up & Up Kids Stick SPF 55, at $5.83 an ounce
- Avon Sun + Sunscreen Face Lotion SPF 40, at $3 an ounce
- Up & Up Ultra Sheer SPF 30 (facial sunscreen), at $1.73 an ounce

The sunscreens tested included both mineral and chemical types. Mineral sunscreens, with ingredients such as titanium dioxide and zinc, were less likely to meet their SPF claims than chemical sunscreens, with ingredients such as avobenzone, Calvo says. Looking back over 4 years, the researchers found that 26% of mineral sunscreens tested met their SPF claim, compared to 58% of the chemical ones.

While the FDA requires sunscreen makers to test their products, in most cases it doesn’t require them to submit their results to the agency.

Sunscreen Industry Weighs In

Consumer Reports’ testing process may not have followed the same steps required by the FDA, Beth Lange, PhD, chief scientist at the Personal Care Products Council, says in a statement.

Two products that fell far short of their claimed SPF include Banana Boat Kids Tear-Free, Sting-Free Lotion SPF 50 and CVS Kids Sun Lotion SPF 50. Both tested at an SPF of 8.

CVS spokesman Michael DeAngelis says the company and an independent third party re-tested the product, using industry standards and FDA methods. "There is absolutely no indication that our product has an SPF lower than 50," he says.

Edgewell Personal Care, maker of Banana Boat and Hawaiian Tropic products, says in a statement that "all of our sun care products undergo rigorous testing for SPF, broad spectrum and water resistance during product development; are appropriately labeled for SPF; and meet our own specifications as well as relevant FDA regulations."

Bottom Line

The disparity between claimed SPF protection and tested SPF is a "cause for real concern," says Tim Turnham, PhD, executive director of the Melanoma Research Foundation.

The report "raises very important points about the importance of SPF as well as the importance of broad-spectrum UVA protection as a means to reduce the risk of skin cancer and to minimize premature skin aging," says Elizabeth K. Hale, MD, senior vice-president of the Skin Cancer Foundation.

Buying sunscreens with SPFs higher than 30 may be a good idea, Hale says, to compensate both for products that fall short of their claims and for the tendency to under-apply sunscreens.

"The best sunscreen is the one you will use," Turnham says. If you choose a spray, "you have to be sure you have good coverage. You should avoid inhaling it. And be careful with kids and sprays. If you are concerned, spray it on your hand and rub it in."

The FDA has warned against using sunscreen spray on children until they do more testing.

Also make sure to put on enough sunscreen -- about a shot-glass full for your entire body if you’re in a bathing suit. Reapply every 2 hours or sooner if you’re sweating or swimming, the American Academy of Dermatology says. (Our thanks to WebMD.com for this information!)
