Tucson Chapter - American Singles Golf Association — May 2025

EL RIO GOLF COURSE - MAY 18TH

Message From the Chapter President

Thank you to everyone who attended the spring member appreciation event at Sewailo Golf Club and the post-play dinner at Casino Del Sol's Ume Restaurant. It was wonderful to play such a challenging course in a scramble format. This made losing two balls on one hole tolerable. LOL

The board will begin planning the holiday member appreciation event. If you are interested in participating, please email or text me, and I'll invite you to the first planning session.

The saying goes, "April showers bring May flowers. Well, here in the desert southwest, rain showers are few and far between this time of year. The cacti are blooming, as are many other trees and shrubs. It's allergy season. It's also when temperatures are starting to climb into the 90s regularly. UV warnings are also increasing. Be sure to stay hydrated, apply sunscreen, and repeat often. If you're feeling thirsty, you're already dehydrated.

May is also the time when the local

Spark Golf leagues start playing. You may not be aware, but many of our members also play Spark during the week. Spark has leagues all over town, and this year, they added the Haven in Green Valley. So, if you want to play a quick nine holes and hang out with some of your fellow ASGA members, check out Spark Golf in Tucson.

As a reminder and for our new members, our group plays all summer long. We currently have golf events scheduled through July 5, so if you haven't checked out the ASGA website lately, do so now and sign up for future events.

Over the next few months, I will gather feedback on our group and how we can improve the member experience. Please look for emails from me inviting you to provide confidential and anonymous feedback to me and the board. The board and I want everyone to have fun and enjoy a positive experience with the ASGA. This is my top priority as your president.

See you at our next golf event and the May social gathering on the 8th!

~Lyrae Williams, President

Rules of Golf Review:

I've got a blind shot and my partner is helping me aim. Where can he stand when I hit?

By Ron Kaspriske, GolfDigest.com

Back in 2019, shortly after the USGA and R&A enacted major revisions to the *Rules of Golf*, there were a few instances on the professional tours when players faced penalties for violating [Rule 10.2b\(4\)](#). In short, there was a lot of confusion about when golfers should be penalized for having their caddie stand in the restricted area as they made a stroke. The intent of rules makers was to ensure caddies could not stand behind players as they took their stance to hit a shot. Aiming, at that point in the process, needed to be something golfers did on their own.

What made things confusing and frustrating for golfers was the early 2019 interpretation of when a player had begun to take his or her stance and where the caddie was standing at that time. To this day, it's perfectly legal for a caddie to stand behind a player on the line of

play as the shot is being evaluated, but **the caddie has to move away as the player prepares to swing**. There was at least one instance on the PGA Tour early that year when Denny McCarthy was initially penalized for violating [10.2b\(4\)](#), but video evidence made it clear he wasn't beginning to take his stance before his caddie moved. The PGA Tour [rescinded the penalty for McCarthy](#).

You can read all about the [early days of this new rule here](#), but if you want to know more about the current rules regarding of line of play and directional information as it relates to average golfers who don't have caddies, read on.

Let's start by getting into the scenario in our headline. Say you're playing a four-ball match on a course you're not familiar with. You have a blind shot into a green but know there is out-of-bounds somewhere along the left side of the hole, but you can't see it because of a hill. Is it permissible for your partner in the match to stand on top of the hill to help "guide" you away from hitting your next shot out-of-bounds?

The short answer is that your partner can stand on the hill to indicate where the markers are, but **he or she has to move away from that spot before the stroke is made**. As long as your partner moved before you hit, there's no penalty. If he or she stood there while you swung, your side would lose the hole in match play or you would be assessed a two-shot penalty in stroke play if anyone stayed in that spot while you swung.

Where this rule of helping a golfer hit a shot gets even more murky for many is understanding that it extends beyond the line of play. The definition of line of play is the line where the player intends their ball to go after a stroke, including the area on that line that is a reasonable distance up above the ground and on either side of it. In other words, the line of play is not necessarily a straight line between two points; it might be a curved line based on where the player intends the ball to go.

OK, so what if your partner gets out of the way before the stroke but leaves a hat on the spot where you should be hitting your next shot? Well, that's also a penalty.

You might think that, since the out-of-bounds markers are not on your line of play, there is nothing wrong with marking that position by having your partner stand on a spot between you and the markers. Unfortunately, that's still a violation of [Rule 10.2](#). In addition to specifying "line of play" as a no-go for aiming help, you also can't assist in aiming for "other directional information." The two exceptions are getting out of the way before the shot and providing public information in relation to the position of an object. An example would be pointing out that a tall tree you can see over a hill is on the same line as the flagstick.

The smartest way to handle the situation in the headline would have been to have your partner give you the line to play away from the OB markers and then move away before you hit.

Your chapter newsletter follows after the following pages . . .

ASGA Annual Dues are \$99.00. Do you want LOWER DUES?

HOW WOULD YOU LIKE ONE YEAR OF FREE DUES?

You likely joined the American Singles Golf Association because you wanted to meet more singles and play more golf. We can't help you with your golf swing, however, we're on a mission to grow your chapter's membership. ***Golf season is upon us . . . are you onboard to grow your chapter or are you satisfied with your current membership level?***

Here's the plan:

- 1) on the following page, you'll see a revised "***Single? Play Golf?***" sign. It now has five (5) tear-off tabs instead of eight (8).
- 2) You write-in your identification (either your member number or first initial + last name) on each of the tabs. Use scissors to cut the tabs apart.
- 3) You print as many signs as you wish, keep them in the front seat of your car along with some push pins and post them ***anywhere you're permitted*** to post, e.g. golf shop bulletin boards, golf shop restrooms, driving ranges, stores, etc. ***If you would like ASGA National to print five (5) yellow signs for you, please let us know by emailing Irene@SinglesGolf.com or calling 980-833-6450 from 9am-1:45pm, M-F, Eastern.***
- 4) For every three (3) people who join using your name or ID on the yellow sign, you'll receive 12-months of ASGA membership. Note: your name or member number, as the referrer, must be submitted **with** the new member's application. No exceptions. No retroactivity. Please do not add your own name to an application form. It must be completed only the by the member currently joining and completing the application.
- 5) New members can join over the phone, at our website (SinglesGolf.com/join), fax, etc., however, **they MUST use your member number or name at the time of joining as the person who referred the new member. Again, no exceptions to this policy.**
- 6) ASGA National will keep track of how many new members you get credit for and will automatically add 12-months to your membership. Please, no slanting of these rules

**Be a Hero in Your Chapter.
Get the signs printed and get them hanging!
*(and remind others to participate)***

IN ADDITION, WE CAN SEND YOU FREE BUSINESS CARDS!

As you have seen from the previous two (2) pages of this newsletter, ASGA National is committed to seeing your chapter grow. We believe by asking each individual member for help, your chapter will grow its membership.

Besides using just the yellow signs to gain more members in your local chapter, **upon request** we will also provide you with ASGA business cards as shown below. More can be sent to you if needed, but we'll start out by sending you 25 business cards that you can give to anyone you believe might be a potential member. Are you out and about and see someone wearing a golf shirt or hat? **Start a conversation:** tell them you're a part of a local club for singles who play golf and simply ask "**are you single?**" Even if they aren't, chances are they know a golfer who is. Give them a card that's pre-filled with you name (or member #) and contact info.

Remember, you get free dues for referring 3 new folks who join!

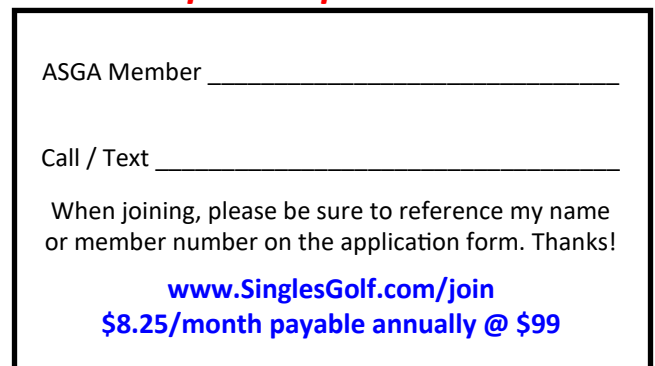

Below shows how your business card appears. They don't come to you automatically, you'll have to order them. E-mail Irene@SinglesGolf or call 980-833-6450 (9am—1:30pm, Mon-Fri, Eastern) for your free 25 cards.

Your chapter board will NEVER send you an email requesting funds by way of a gift card. Always, always use due diligence when responding to an email. See below “How to Protect Yourself”

Spoofing and Phishing

Spoofing

Spoofing is when someone disguises an email address, sender name, phone number, or website URL—often just by changing one letter, symbol, or number—to convince you that you are interacting with a trusted source.

For example, you might receive an email that looks like it's from your boss, a company you've done business with, or even from someone in your family—but it actually isn't.

Criminals count on being able to manipulate you into believing that these spoofed communications are real, which can lead you to download malicious software, send money, or disclose personal, financial, or other sensitive information.

Phishing

Phishing schemes often use spoofing techniques to lure you in and get you to take the bait. These scams are designed to trick you into giving information to criminals that they shouldn't have access to.

In a phishing scam, you might receive an email that appears to be from a legitimate business and is asking you to update or verify your personal information by replying to the email or visiting a website. The web address might look similar to one you've used before. The email may be convincing enough to get you to take the action requested.

But once you click on that link, you're sent to a spoofed website that might look nearly identical to the real thing—like your bank or credit card site—and asked to enter sensitive information like passwords, credit card numbers, banking PINs, etc. These fake websites are used solely to steal your information.

Phishing has evolved and now has several variations that use similar techniques:

- **Vishing** scams happen over the phone, voice email, or VoIP (voice over Internet Protocol) calls.
- **Smishing** scams happen through SMS (text) messages.
- **Pharming** scams happen when malicious code is installed on your computer to redirect you to fake websites.

How to Protect Yourself

- Remember that companies generally don't contact you to ask for your username or password.
- Don't click on anything in an unsolicited email or text message. Look up the company's phone number on your own (don't use the one a potential scammer is providing) and call the company to ask if the request is legitimate.
- Carefully examine the email address, URL, and spelling used in any correspondence. Scammers use slight differences to trick your eye and gain your trust.
- Be careful what you download. Never open an email attachment from someone you don't know and be wary of email attachments forwarded to you.
- Set up two-factor (or multi-factor) authentication on any account that allows it, and never disable it.
- Be careful with what information you share online or on social media. By openly sharing things like pet names, schools you attended, family members, and your birthday, you can give a scammer all the information they need to guess your password or answer your security questions.
- **Remember – If you are doubtful there's probably a good reason. If you're not sure, call to the person in your chapter who is supposedly sending the email.**
