Other details and booking info:

In addition to leaving from Atlanta International airport, Orlando and Miami are also listed as airports for this trip. You do need a passport to take the trip, but it is not required to have when you book the trip, only at the time of travel. The new EU Visa is not required for travel to Canada. As noted in a prior email, a single hotel room would cost \$2,799 rather than the \$1,999. As noted on the attached, we fly into Vancouver and return from Calgary International Airport. All transfers from the airport to hotel, train to hotels, and hotel to Calgary airport are included. The hotels will be the Georgia Court Hotel in downtown Vancouver and Banff Caribou Lodge & Spa in Banff.
